Secure More International Student Enrollments & Maximize Net Tuition Revenue

The Challenge

Are **hidden student funding issues** costing you international enrollments? It's frustrating when promising admits disappear, yet the root cause is often a specific, solvable funding gap.

The Solution

Stop losing your international students (Grad & Undergrad) to funding uncertainties with YieldRight's **Enrollment Signals** and **Funding Pathways**.

YieldRight Includes

Enrollment Signals

Real-time, actionable insights into each admitted student's financial needs, gathered through **expert 1-on-1 advisory**.

Funding Pathways

Exclusive savings & loan programs (like CSP & EOP) designed to make enrollment possible – often featuring **performance-based success fees** and options with **no upfront university cost**.

Key Benefits

- Convert more international admits by **closing their funding gaps**.
- Understand **precisely why students choose** your university – or look elsewhere.
- **Optimize your financial aid strategy** with proven, data-driven guidance.
- **Increase enrollment numbers & maximize net tuition revenue**.
- Give your admits **funding opportunities they won't find elsewhere**.

How Yieldright works

1. You **introduce your admitted international students** to us.
2. We provide each student with a **free, expert 1-on-1 funding consultation**.
3. Students **gain a clear understanding** of their financial needs & funding options.
4. You receive **actionable insights** from these dedicated student funding calls.
5. We help eligible students **access exclusive funding** to make enrollment possible.
